Dear Parents/Carers

Re: Measles, Chicken Pox

We are writing to ask for your support and cooperation in a vitally important matter. One of our students is receiving medical treatment. This puts the young person at serious risk if exposed to measles and chicken pox.

If your child is suspected of having either you should let us know immediately.

Your child is not at risk whatsoever from this situation. However, the health and well-being of the young person who is at risk, does depend on your co-operation of all other parents/carers and we hope you can help us.

Thank you for your support in advance

Yours sincerely,

Mrs J Wright
Deputy Headteacher – Head of Upper School
