30<sup>th</sup> March 2021

Dear Parent / Carer,

We will be distributing more testing kits today to our students, which means that you can test your child twice each week during the Easter holidays. Please inform us of any positive tests and follow the government guidelines on how to register tests with them. If we continue to work together our community will be safer.

After Easter we would like you to test your child at home on Sunday, 18<sup>th</sup> April, immediately prior to their return. From Monday, 19<sup>th</sup> April, we will test each student in school during the first three days. We hope that through completing tests at home and in school we can identify any positive cases and stop the spread of the virus. We only intend to test each student once in school.

We would like to thank you all for your support during this term. Completing the testing enabled us to isolate any positive cases and stop the virus coming into school. This community effort has helped to keep the students, staff, their families and the wider community safe.

We hope that all students have a safe and enjoyable half term and that we all continue to be very careful. We must not become complacent during the Easter holidays. We hope that we can welcome back every student for the Summer term.

We will send more information in the Summer term as we hope to offer more after school clubs and more rewards after Easter.

Yours sincerely,

Mr P Abram  
Head of School
