VC/SA

Dear Parent/Carer

14/07/20

Firstly I thank you for the support you have been providing with the home learning in Science and congratulate the students for their excellent effort, and diligent work in these exceptional circumstances. Before the summer holidays I require your assistance with an important task.

As we look forward to the new school Year in September, and your Son/Daughter gets ready for Year 11, it is essential that my staff in the Science department fully understand the individual areas of strengths and support that is required by students individually. In order to do this I have created three diagnostic quizzes.

The quizzes consist of 35 multiple choice questions based on the curriculum that has been covered in Science to date. The student's responses will be recorded, allowing staff to gauge your Son/Daughters understanding on a wide range of topics. Please can you support your son/daughter accessing and completing the quizzes through the links below.

Biology

<https://forms.gle/mGFe22uxdjkQW8ha9>

Chemistry

<https://forms.gle/W6bUtFDabibbSc3L8>

Physics

<https://forms.gle/Zor31J6NAVK9rZjy8>

I would like to stress that this is not a test, no grades will be awarded, and that the students do not need to revise before completing them. Thank you for your support. Should you have any questions or issues do not hesitate to contact me.

Yours sincerely

Mr S Acton

Head of Science
