Re: Year 11 Tutoring

Dear Parent / Carer,

I am writing to communicate to you that as per Mr Abram's previous letters we are pleased to inform you that we can continue with the Maths tutoring that was being provided in school in the last term. Both our tutors are available and so will be picking up their existing groups. This is great news as it means they can continue to build the relationships that were working so well previously.

A channel has been set up on TEAMS for each tutor and an email will be sent to students to remind them of who they were tutoring with and at what time. The plan will be that tutors will be available between 2pm and 5pm on the set days and will be continuing to provide additional support based on mock exams, analysis and teacher input in the form of bespoke 'mini' lessons.

It is important that your son/daughter continues to push on and improve their grade in Maths and draw on as many resources as possible. The tutoring continues to be a great opportunity for individual feedback and improvement and a chance to work on key topics.

Should you wish to discuss the matter further then please do not hesitate to contact me at school.

Yours sincerely,

Miss H Gornall
KS3 Co-ordinator Maths
